b) The TD must ensure that each participant is eligible for the tournament and age category entered.

2. The seeding:

- a) All players with an ESF Junior ranking will be seeded according to the ESF ranking, valid at the closing date for entries. Draw information must not be provided in any published documentation or sent to anyone before the event starts. The draws must be displayed at the venue(s) and official hotel(s).

Any player making a late withdrawal not supported by a medical certificate will receive zero points for the tournament which will count as one of their 4 best results for the rolling 12 month period and will be taken into account when dividing the points to obtain the ranking average. This penalty will be applied automatically unless ESF receives a doctor's certificate within two days of the tournament finishing.

If a player commits this offence for a second time within a 12 month period, he/she will be banned from the ESF Junior Circuit for a period of 12 months.

- b) If a player has entered a tournament and fails to turn up, he/she will receive zero ranking points for the tournament. These zero points will count as one of the player's 4 best results for the

rolling 12 month period and will be taken into account when dividing the points to obtain the ranking average. This penalty will be applied automatically.

If a player commits this offence for a second time within a 12 month period, he/she will be banned from the ESF Junior Circuit for a period of 12 months.

- c) If a player fails to play out all scheduled matches for any reason other than illness or injury, he/she will receive zero ranking points for the tournament. Illness or injury must be verified by the tournament director and, if possible, by medical certificate sent to ESF within two days of the tournament finishing. If zero points are awarded, the points will count as one of the player's 4 best results for the rolling 12 month period and will be taken into account when dividing the points to obtain the ranking average. This penalty will be applied automatically.

If a player commits this offence for a second time within a 12 month period, he/she will be banned from the ESF Junior Circuit for a period of 12 months.

A player's average is calculated on a rolling 12 month basis.

- a) All juniors – whatever their nationality – who have participated in a, SS, GP or JO event with a minimum draw size of 4 players will be included in the European Ranking list in the relevant age group. Ranking points will be awarded for one category only per tournament; the points will be awarded for the age category participated in, as determined by the official tournament placings.
- b) The ranking list is based on the total number of points accumulated per player in these events in the preceding 12 months, divided by four. If a player has played more than 4 events in the preceding 12 months, the 4 best results will be divided to obtain the average.
- c) When a player has played in two age categories and moves to the higher age category following a birthday, 50% of each of the results from the lower category will be transferred and the two records merged. Results from the higher age category will take precedence and will always be used to calculate the average, regardless of whether or not these results are the top four highest. Results from the lower age category will only be included in the calculation if the player has less than four results in the higher age category.
- d) The ESF Junior Ranking will be updated and published monthly.
- e) The rankings for each category will be available for examination by the players at each event.
- f) Professional Membership of PSA will be awarded to the top 4 boys in the BU19 category and top 4 girls in the GU19 category respectively at the end of the season.
- g) In the case of a tie, individual GP/SS matches between the players will be taken into account.
- h) The final positions will be approved by ESF before prizes are awarded.
- i) If possible, the prizes will be awarded at a prize giving ceremony. If this is not possible, or if a player is not present at the prize giving, the prize will be sent to the appropriate MNA with a request to forward the prize to the player.
- j) To be eligible for a prize, a player must have played three U19 events (JO, GP or SS) in the preceding 12 month period.
- k) A player who has not participated in the Junior Circuit for a full 12 months from the finals day of the last event in which he/she competed will be removed from the ranking.
- l) Any player failing to turn up, failing to play out all scheduled matches or making a late withdrawal not supported by a medical certificate (see E.4) will have zero ranking points applied to their record for the tournament. The zero points will count as one of the 4 best results for the rolling 12 month period and will be taken into account when dividing the points to obtain the ranking average.
